### WORK EXPERIENCE

#### SIDEBENCH

Contract UX/UI Designer | August 2025–Present | Remote

Freelance Graphic Designer | September 2023–February 2024 | Remote

- » Iteratively designed data visualizations and slide layouts for client presentation decks
- » Designed technical diagrams displaying development process of 11 case studies
- » Redesigned Sidebench "Solutions" webpage in Figma and updated in Wordpress
- » Created new slides template and updated content for Sidebench Capabilities Deck to be pitched to potential clients, maintaining brand identity and consistency

#### THE OPTIONS CLEARING CORPORATION (OCC)

UX Design & Research Intern | February 2024–February 2025 | Chicago, IL

- » Designed human-centered workflows and prototypes in Figma to improve enterprise-level clearing applications, balancing usability, design, and regulatory constraints
- » Constructed 10 usability test scripts for user testing sessions, assessing functionality and effectiveness of key user flows
- » Collaboratively built and maintained Figma design system, ensuring scalable, consistent patterns across pillar applications
- » Conducted design system consistency and accessibility audits of application interfaces
- » Collaborated with UX developers and designers in three design challenges dedicated to solving specific Ovation-related UX topics
- » Engaged in routine Agile ceremonies with project managers and developers and bi-weekly design team syncs
- » Iteratively reorganized information architecture of UX/UI team's Confluence spaces

#### NATIONAL EATING DISORDERS ASSOCIATION (NEDA)

Part-time Volunteer UX/UI Web Designer | April 2025–Present | Remote

- » Implemented UX best practices and brand requirements to redesign and reorganize the desktop and mobile website
- » Annotated original homepage and Resource Center, determining core design issues
- » Created an intuitive top navigation menu and condensed footer content
- » Reconfigured extensive Resource Center topic lists into five compact categories and added search bar with keyword suggestions for easier topic discovery
- » Presented Figma prototypes for critique and iterated based on feedback

#### LOYOLA UNIVERSITY CHICAGO RESIDENCE LIFE

Student Marketing Assistant | August 2022–July 2023 | Chicago, IL

- » Created Instagram posts, videos, templates, GIFs, and fliers for Residence Life with Adobe InDesign, Illustrator, After Effects, and Premiere Pro
- » Increased Instagram follower engagement by 6.6% and non-follower engagement by 118% between April–July 2023, compared to the previous 90-day period
- » Wrote and presented social media brand development proposal, based on Instagram analytics analysis and digital marketing best practices research
